

ANIMAL SCIENCES AND WILDLIFE

ANIMAL SCIENCES AND WILDLIFE

Projects related to the biology of animals including wild animal in regards to their their physiology, reproduction, nutrition, health, behaviour, and welfare. Projects also include marine animals and conservation efforts to protect their local habitats.

Vet, Pre-Vet, Animal Studies and Conservation, Marine Science, & Ecology/Zoology

VETERINARY INTERNSHIP IN BOLIVIA

www.kayavolunteer.com/project/veterinary-internship-bolivia/

Work alongside a local veterinarian team and learn how indigenous animals in Bolivia are cared for in a zoo setting.

VETERINARY INTERNSHIP IN ECUADOR

www.kayavolunteer.com/project/veterinary-internship-in-ecuador/

Work at a local sanctuary alongside a local team and a trained veterinarian and gain experience in treatment, nutrition, release, and monitoring of species.

AMAZON RAINFOREST WILDLIFE RESCUE IN ECUADOR

www.kayavolunteer.com/project/amazon-rainforest-wildlife-rescue-ecuador/

Contribute to a local rehabilitation centre in the middle of the Amazonian Rainforest caring for wild animals from the jungle that were victims of abuse and animal trafficking.

PRE-VETERINARY INTERNSHIP IN SOUTH AFRICA

www.kayavolunteer.com/project/pre-veterinary-internship-south-africa/

Participate in this pre-veterinary internship in South Africa and develop your practical skills and knowledge by working alongside local wildlife experts.

VETERINARY INTERNSHIP ON SOUTH AFRICA WILD COAST

www.kayavolunteer.com/project/veterinary-internship-on-south-africa-wild-coast

Advanced vet students in 2nd or 3rd year of studies will work with wildlife and experience game capture, work with small animals in a community setting, and also handle daily care for agricultural livestock.

WILDLIFE RESEARCH AND CONSERVATION IN ZIMBABWE

www.kayavolunteer.com/project/elephant-research-and-conservation-volunteering-in-zimbabwe

Help the local team of researchers collect data on elephants with their movements to mitigate the human-wildlife conflict.

VETERINARIAN VOLUNTEERING IN SOUTH AFRICA

www.kayavolunteer.com/project/veterinarian-volunteering-south-africa/

Join our veterinarian volunteering program at one of South Africa's premier game reserves. Develop your knowledge of diagnosing, treating, and preserving wildlife in their natural habitats.

ANIMAL SCIENCES AND WILDLIFE continued...

PRE-VET WILDLIFE RESCUE AND REHABILITATION PLACEMENT IN ZIMBABWE

www.kayavolunteer.com/project/pre-vet-wildlife-rescue-rehabilitation-placement-zimbabwe/

Get first hand experience of animal management at one of Africa's oldest wildlife rescue and rehabilitation sanctuaries in Zimbabwe while supporting your studies or working with orphaned, sick, and misplaced animals.

CONSERVATION AND ECOLOGY INTERNSHIP IN THE SWAZILAND SAVANNAH

www.kayavolunteer.com/project/conservation-ecology-internship-swaziland-savannah/

The research station focuses on monitoring, researching, and analysing data on a range of species such as raptors, bats, reptiles, and ungulates, as well as recording variables about the habitats and vegetation.

MASAI MARA LION, WILDLIFE RESEARCH AND CONSERVATION PROJECT IN KENYA

www.kayavolunteer.com/project/masai-mara-lion-wildlife-research-conservation-project-2/

Work directly with the Masai Mara community to develop solutions to reduce conflict between local human and wildlife inhabitants.

AFRICAN LION REHABILITATION & RELEASE IN ZAMBIA

www.kayavolunteer.com/project/african-lion-rehabilitation-release-zambia/

Contribute to research and behavioral studies alongside local and global scientists. Learn about the welfare and rehabilitation of lions as part of the programme in the Mosi-oa-Tunya National Park in Zambia which aims for the animals long term survival.

ELEPHANT & COMMUNITY WATER ACCESS PROJECT IN NAMIBIA

www.kayavolunteer.com/project/volunteer-elephant-community-water-access-project-namibia/

Use your passion for elephants and observe them in their natural habitat while working on a project that provides solutions to the Namibian elephant-human conflict.

MARINE, WHALE SHARK & MANTA RAY CONSERVATION INCLUDING PADI DIVING COURSE IN MOZAMBIQUE

<https://www.kayavolunteer.com/project/marine-research-and-whale-shark-conservation-including-padi-diving-course/>

Gather field data to make recommendations for improving the conservation of marine life, as well as creating general awareness about the marine environment.
