Explore Bangkok and Chiang Mai like a local while earning credits - Discover why Thailand is known as the "Land of Smiles"!

Experience all that Thailand has to offer! Study abroad, gain hands-on experience on a structured internship, and explore the culture of Thailand. Study for four weeks at Mahidol University, earn up to six credits, live in a studio apartment in Bangkok, and enjoy cultural activities with fellow students.

If you'd prefer to volunteer, we also have two incredible Community Development service-learning placements available. No matter which track you choose, you'll deepen your understanding of Thai culture and enrich your studies.
