What Kaya Offer

Supported Internships and Placements in locations across Asia, Africa and Latin America that allow you to:

- Gain practical, global experience in your academic area
- Explore sustainable, international models that tackle the major issues of our time,
- Work in organizations that have positive social and environmental impacts
- Learn how to navigate other cultures, gain cross-cultural experience, and develop important interpersonal and networking skills

Health Science Placements

Public Health

Public Health Internship in Zambia

Assist in promoting healthy lifestyles, implementing educational programs, promoting healthcare accessibility, and breaking boundaries with mental health.

Public Health in Ecuador

Run preventative health workshops, educate the community about important health issues and gain valuable insights into the problems facing Ecuadorian healthcare.

Kaya's internships are designed to cultivate educated, compassionate global citizens.

Health Sciences

Health Science Placements

Public Health Internship in South Africa

Monitor and evaluate infectious disease cases in townships, work with universities assisting with lectures.

Public Health Internship in Ghana

Shadow professionals at local hospitals and health centres working with community medicine and preventive care.

Health and Hygiene Education Internship in Uganda

Gather input from community stakeholders about local health issues that affect the community. You'll develop interactive methods that will lead to behavioral change.

Occupational Therapy, Special Needs & Physiotherapy

Occupational Therapy Internship in Vietnam

Gain practical and shadowing experience in a recovery hospital setting in Ho Chi Minh City which is the first hospital specialising in orthopaedics and rehabilitation in Vietnam.

Occupational Therapy Internship in Morocco

You'll work with children who suffer from blood cancer and require everyday assistant. Learn the techniques used, type of equipment, and gain hands-on experience.

Occupational Therapy in South Africa

Work with supervision of a local occupational therapist by delivering workshops and training to community members.

Special Needs Internship in Peru

Help patients in all capacity including improving their speech therapy, acquiring psychomotor skills, and living their day-to-day life at the centre.

Health Sciences

Health Science Placements

Physiotherapy in Ghana

Work in a local clinic and provide hands-on assistance and care to injured locals as well as athletes.

Laboratory Medicine

Laboratory Internship in Morocco

Work at a private laboratory, shadowing and working under the supervision of 2-3 laboratory staff members.

Laboratory Work in Ghana

Work under supervision of a local clinician by administering appropriate tests, analyzing laboratory results, collecting blood from patients, and learning new diagnostic techniques and data handling.

Nutrition & Dentistry

Nutrition Internship in Swaziland

Work under the director of a local organisation to learn about challenges facing poorer communities, how different cultures view food, and approaches undertaken to educate and overcome these.

Healthcare, Nutrition, Dentistry in Cambodia

Educate local staff and devising programs about first aid training, general hygiene workshops, food hygiene and sexual education workshops.

Mother and Child Nutrition in Costa Rica

Work at a nutrition centre where your focus will be on preparing and serving meals. You'll help support workshops for residents to enable them to become self sufficient with their nutritional needs.

Health Sciences

Health Science Placements

Dentistry Internship in Ghana

Encounter the challenges dentists and patients face in developing countries. The lack of knowledge on preventative dental hygiene will expose you to advanced dental conditions.

Global Health and Nutrition in Peru

Work alongside the community nurse to prepare and deliver health workshops to the communities

Medical, Nursing & Hospital

Health and Medical Internship in Ecuador

Visit rural Ecuadorian communities to provide medical attention while educating young adults on family planning.

Medical Internship in Morocco

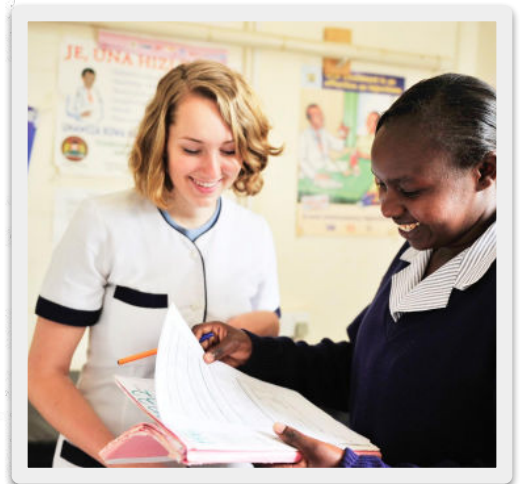

Shadow local medical personnel and observe their work. You'll be located at a local private clinic that works with children's and women's health.

Nursing Internship in Thailand

Shadow at a district hospital in Chiang Mai. You'll work alongside local medical professionals who will share their diagnosis, treatment and experiences with you.

Nursing and Medical Internship in South Africa

Shadow a doctor within your chosen field. You will gain perspective on South Africa's challenges and inequalities as well as how to be a healthcare professional within a developing economy.

Health Sciences

Health Science Placements

Medical Elective/Rotation/Internship in Belize

Gain valuable clinical experience. You'll work alongside a local qualified doctor who will mentor you during your stay. If you have a focus on a specific area of medicine, we will place you in line with that.

Medical and Healthcare Internship in Vietnam

Strengthen your clinical skills, healthcare judgments and manage your time juggling with many patients specific to your field of study. Work alongside locally trained staff.

Medical Internship in Thailand

Observe challenges and a range of illnesses facing local staff and communities. You'll shadow local medical professionals who will share their diagnosis, treatment and experiences with you.

Healthcare, Hospital and Community Work in Kenya

Work in various different hospitals and health clinics to help support the severely understaffed and under-resourced hospitals in the Limuru area.

Hospital Work in Ghana

Get involved in observational work, triage tasks, taking vitals, treating injuries, shadowing nurses/doctors, taking blood and participating in educational activities in the community.
