## Sustainable Agriculture & Food Security Placements

### **Agro Forestry and Environmental Conservation in the Mindo Cloud Forest**

Contribute to conservation and restoration initiatives in the Choco Bioregion, while supporting and strengthening sustainable family development program through ecotourism.

### **Urban Greening and Horticulture Internship in South Africa**

Plant trees in under-greened areas of Cape Town such as schools, community gardens and churches. Involve local community members to enable ownership of their garden and promote enthusiasm towards a greener environment.

### **Sustainable Food Project in Belize**

Help support the community on becoming less reliant on unhealthy and expensive imports by educating them on how to plant and grow their own organic produce in Belize.

### **Farmers Economic Empowerment in Uganda**

Contribute to the capability of expansion for local farming businesses. Gain hands-on experience of real community development approaches to alleviate poverty.

### **What are the benefits of Kaya Placements?**

- International work experience
- Meaningful placements
- Global perspectives
- Cultural Immersion
- Customized for academic needs
- Structured and supported

### **Optional Add-Ons**

- Language courses
- **Academic Credit:**  
3 credits \$890, \$250 each extra credit
