

**CUSTOMIZED
GROUP PROGRAMS**
AFRICA, ASIA-PACIFIC & THE AMERICAS

At Kaya Responsible Travel we specialize in immersive, educational travel programs across Africa, Asia-Pacific, and the Americas.

With our year-round in-country presence, we can use our local expertise and industry knowledge to develop unique, structured, and culturally immersive group programs. These enable you to deliver on your learning goals while providing global insights and cross-cultural engagement.

WHY PLAN YOUR GROUP PROGRAM WITH KAYA?

Kaya programs are safe, well-organized, relevant, and affordable options for your students. These key considerations shape our program development as we work together to bring academic learning outside of the classroom.

We work closely with universities, colleges, and high schools to develop customized itineraries. Our team takes care of all of the arrangements and provides in-country support, so you can focus on your program, without having to worry about the logistics.

Our academic partners trust Kaya to deliver programs that:

- Promote cultural immersion
- Deliver on learning outcomes
- Practice ethical community engagement
- Step off the beaten path
- Align with the UN SDGs
- ...And are safe, structured, and supported

Whether your group is faculty-led or an unaccompanied cohort, we can provide the right level of support for your students and staff.

All of our programs focus on our commitment to sustainable, ethical and meaningful travel.

We'll deliver a proposal that we can discuss and fine-tune

Approval

Once dates and itineraries are approved, we can support you in recruitment

Get Ready to Go!

We'll support you in pre-departure planning, so you are ready to go!

“This was our first trip to Zambia and Kaya and their partner in Zambia did everything to make our trip an excellent experience. They developed a program to fit our needs and we could not have been more pleased. They were very organized, responsive to questions, and had student safety in mind at all times. All of the students (and me as faculty leader) came away forever changed by this experience.”

Mary, Nursing faculty, MN
